SUCCESSFUL VENTURES

Lorna Henry

Our committee is currently raising funds to help this family with home repairs. Lorna Henry currently lives with her children in a home with only three walls and curtain. Our committee was able to raise more than half of the funds required from our first Garage Sale.

Solomon Family

Cindy Solomon and her five children are temporarily residing in a home in Central Trinidad. Our committee assisted the family with clothing, food, toiletries and house hold items.

Staff Assistance

Thanks to the kind donations from our staff at Aegis for our raffle, the committee was able to assist one of our employees with medical expenses for a family member.

OUR ANIMAL FRIENDS

BESTFRIENDS.....

GETTING ACTIVE FOR ANIMALS

Who loves us whether we are on top of the world or barely scraping by? Who will always be there for us no matter what day or time? Our animal companions of course! They are our best friends.

Our mission is to save these animals from human cruelty and neglect and to provide loving homes, food and medical care.

HELPING ANIMALS

Thanks to the many contributions by the staff and management of Aegis, we are able to assist animal shelters and veterinary clinics with medical supplies, food and boarding fees.

Persons interested in helping us with our many animal cases, can email us at the following address:

LOYAL COMPANIONS.....

These puppies were abandoned at a gas station on the Eastern Main Road and rescued by one of the many animals lovers here at Aegis.

Thanks to the donations from our committed staff, these puppies were nursed back to health and are now in happy, safe homes.
