# ELECTRONIC BALLOT COUNT CREDIT UNIONS

Digital Transformation is Important to the  
Future of Credit Unions

A blurred background image showing two women in an office. The woman on the left is wearing a white shirt and glasses, and the woman on the right is wearing a blue shirt. They are both clapping their hands, suggesting a celebratory or positive work environment. The text is overlaid on a dark grey rectangular box in the center of the image.

**No more complex color coding and  
distribution of ballot papers**

***Managing elections  
and voting can prove  
challenging  
especially when  
using a paper voting  
method.***

**SEAMLESSLY INTEGRATING AN  
ELECTRONIC BALLOT SYSTEM  
INTO ANY MEETING TYPE**

**Avoid the frustration of securing  
ballot boxes**

# An e-voting platform will help avoid database issues

Enable your members to update their contact information without administrative hassle.

Quickly validate your members who are in good standing

Minimize errors in member information

Obtain a comprehensive voter database, instead of multiple spreadsheets

A close-up photograph of a hand holding a white envelope, about to insert it into a white ballot box. The background is dark, and the scene is brightly lit, creating strong highlights and shadows.

**CLEARLY NUMBERED NOMINEES**

# E-VOTING LEADS TO EFFICIENCIES AND SAVINGS

Use ballots that are easily accessible to your members

Announce your election results within minutes of voting. No more physical tallying of votes

Share information about your nominees and vote on one platform

Process thousands of votes without the investment of additional IT infrastructure, and staff

# E-VOTING PRIORITIZE EQUALITY AND SECURITY

Conduct multiple elections  
that are transparent and  
observable

Provide your members  
with the option to vote  
anywhere in the world  
synchronously

Protect your members' data,  
and minimize the risk of  
electoral fraud or breach of  
secrecy

Give your members the  
comfort of confidential  
voting
